

FSA Family Information Handout

For more information about FSA and how to help prepare your students at home, here are a few resources.

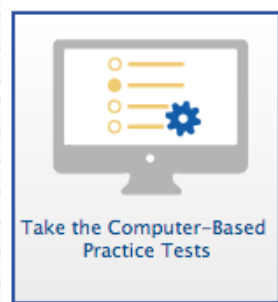

Go to www.fsassessments.org/students-and-families

Click on the picture for the practice tests:

There are resources on this page to review.

By clicking the link to 'take the computer-based practice tests' students can take practice tests.

Student Practice Test

Leave all the boxes checked for 'Guest'. Then select the correct grade level. The tests available (reading or math) will be there to practice with.

Remember these are not scored and are just meant to get students familiar with the types of questions they will see on the test.

You can access answer keys, frequently asked questions, and other information for student and families on this resource page as well.
